## CHURCH AFFAIRS.

—Rev. B. Fay Mills' great meeting at Louisville will begin on the 23d.

—Sunday, Oct. 20, 1895, has been selected by the Sunday School Union as a day of prayer for Sunday schools.

—In the famous Garden of Olives at Jerusalem there are eight flourishing olive trees that are known to be over 1,000 years old.

—Pulaski Baptists ought to start an Orphan's Home of their own. They have 53 children now in the Baptist Orphan's Home, Louisville.

—In 25 years the Presbyterian women of the parent Women's Board have raised \$2,690,956, and have 163 missionaries and 1,100 native readers and teachers now in the field.

—Rev. Elijah Kellogg, whose "Spartacus to the Gladiators" has thrilled the blood of generations of school boys, is still preaching and farming, at the age of 85, at Harpawell, Me.

—Elder J. T. Sharrard, of Paris, preached twice at the Christian church Sunday and gave such satisfaction that the officers will ask an expression of the congregation next Sunday morning on the question of calling him.

—The Presbytery of the Presbyterian church (Northern) in session Tuesday at Mt. Sterling decided that Rev. F. J. Cheek, who had lately accepted a call to the church at Ludlow, shall remain at Paris. The congregation sent a delegation to protest against his leaving.

—Pastor A. Mobley writes: "On Oct 2 the church at Pleasant Hill, Marion county, closed a meeting of 18 days. Bro. W. R. Davidson, of McKinney, did most of the preaching. Bro. W. J. Ridge, of Indiana, was with us most of the time and preached seven sermons, beside rendering us much service in other ways. There were 50 professions, 45 baptized, 2 restored, 2 by letter, 3 by watchcare. —Western Recorder.

—Rev. W. W. Bruce, of the Hustonville Presbyterian church, preached here Sunday and made a highly favorable impression. His sermon on the power of the gospel of Christ was full of forceful argument, combined with apt illustration of its workings among the children of men. Mr. Bruce heard Bro. Barnes in the afternoon and didn't preach at night. While here he was the guest of Mrs. H. S. Withers, a relative of his wife, who is a daughter of Rev. Joe Hopper.

—Rev. William J. Holtzclaw, of Louisville, and a native of this county, has been called to the pastorate of the First Baptist church of Fairmont, W. Va., to succeed Rev. Dr. Shott, who has recently been called to the pastorate of the North Baptist church of New York City. Mr. Holtzclaw is a son of the late E. H. Holtzclaw, of Preachersville, and was a few years ago an humble wheelwright in Stanford. After a course of study in Georgetown College, he graduated with honor from the Southern Baptist Theological Seminary. He has become a successful preacher, lecturer, editor and publisher. His little books, "The Sunday School," and "Regeneration and the New Birth," have had a large sale. His new song book, the Gospel Gleaner, published by Charles T. Dearing, Louisville, has become very popular in Sunday Schools and young people's societies. The church of which Mr. Holtzclaw becomes pastor is one of the leading churches of that State, in a thriving business city, situated on the Monongahela River and also on the Baltimore and Ohio R. R., 80 miles from Wheeling, and a short distance from Bethany, the famous college founded by Alexander Campbell.

—John Batties, aged 70, was gored to death by a bull near Wellington, O.

—F. W. Harris, the base-ball player, was found guilty and sentenced to be hanged. He killed Charles Bengel at Freeport, Ill. The verdict rattled him and he fainted.

—In the gentle act of separating the sucker and his money, Barney Bernato, who has capitalized his South African companies at \$750,000,000, is the John Law of his time.

—Mrs. Joseph Barnes, of Duluth, Minn., died from the effects of a bite inflicted by her son who was delirious with diphtheria. She exhibited all the symptoms of a person bitten by a rattlesnake.

—It is rumored that Buford Overton, the murderer, was not rescued from the Harlan jail by friends, but was released by outlaws, in order that they might kill him before he could betray the crimes.

—Edward F. Kessler, manager of the American National Tobacco Works in Louisville, committed suicide by shooting himself through the head with a 38-calibre pistol while standing before a mirror.

HALF FARE.—To Dallas, Texas, and return Oct. 16th to 17th. Tickets good to return Nov. 11th via the Kentucky Midland.

If your children are subject to croup, watch for the first symptom of the disease—hoarseness. If Chamberlain's Cough Remedy is given as soon as the child becomes hoarse it will prevent the attack. Even after the croupy cough has appeared the attack can always be prevented by giving this remedy. It is also invaluable for colds and whooping cough. For sale by Craig & Hocker, Stanford, Ky.

## LANCASTER, CARRARD COUNTY.

—Rev. George O. Barnes preached at the court-house on Saturday morning.

—Miss Eugenia Bush was at home to a number of her young friends Saturday evening.

—Marriage license was granted on Thursday to Loton Bogel to wed Miss Nannie Ray, of Buckeye.

—Charles H. Doty sold his farm of 100 acres last week to Mr. Victor Lear, of Lower Garrard, for \$6,500.

—The Central Kentucky Medical Association meets in the L. O. O. F. hall here Thursday, Oct. 17th. Many M. D.'s are expected to adorn our streets upon that day.

—Miss Sue Herring entertained the walking club Friday evening at her home on Richmond street. An inclement evening prevented some of the guests assembling.

—Hon. John S. Rhea, of Russellville, will speak at the court-house Monday, Oct. 23, court day, at 2 o'clock p. m. Hon. John W. Yerkes, of Danville, has been invited to meet him.

—Miss Purley, a missionary of Utah, gave a most interesting talk upon Mormonism at the Presbyterian church Sunday morning. Those who heard her pronounced her an intellectual woman.

—H. S. Irwin, of Louisville, republican candidate for railroad commissioner in the 2d district, spoke at the court-house Thursday evening to a good sized crowd, but the greater portion of it was negroes.

—The Ladies' Aid Society of the Christian church will meet Saturday afternoon with Mrs. James Herring, who lives about two miles from Lancaster. All of the members are solicited to be present at this meeting.

—While engaged in playing a game of foot ball last Friday, Walter Hudson, the bright son of Mr. and Mrs. B. F. Hudson, was knocked senseless and badly bruised. Fortunately, though, he soon recovered and rallied from the blow.

—The hearts of the Lancaster people were made to rejoice on Friday evening by a nice, gentle shower. The rain began to fall about 5 o'clock in the evening and continued for a number of hours. It was hoped by all that the long drought was over.

—The Rev. W. O. Goodloe, of Harrodsburg, filled the pulpit at the Presbyterian church Sunday evening. This is the 10th or 12th time Elder George Goodloe has postponed his prospective sermon for visiting divines, who again made another announcement that he will preach at the Presbyterian church next Sunday night—that is, in his own parlance, "if a better one does not come along to take his place."

"After life's fitful dream he sleeps well."

"Justice pales; truth fades; stars fall from heaven;

Human are the great whom we revere; No true crown of honor can be given 'Till the wreath is on a funeral bier."

Gen. W. J. Landram sank into an eternal sleep last Friday evening at 12 o'clock. Surrounded by a devoted band of loved ones, death came calmly and peacefully as a relief from all his sufferings. He was a man of a very high order of intellect and always an advocate of anything that would be for the intellectual advancement of the community. He was a versatile and pleasing writer of both prose and poetry. He did as much if not more than any one for his town in giving it a high rank as a musical centre. His talent for music, especially for the aesthetic style, was very marked. His funeral was preached at the Presbyterian church Sunday afternoon at 2 o'clock by Rev. W. O. Goodloe, of Harrodsburg. One of the largest concourses of people gathered to pay the last tribute of respect to the honored dead that has ever been seen in Lancaster. The services were concluded at the grave by the Masonic fraternity. To the bereaved and sore stricken ones much sympathy is extended.

Such sorrows come in hosts, or singly, But on each path they lay in wait; No life escapes such separations, Or ever stays the wheel of fate."

—Rev. George O. Barnes and daughter Miss Marie, were guests while here of Mr. Charles Doty and family. Mrs. Geo. Patterson and little daughter are in Illinois on a visit to relatives. Capt. Thor. Richards was the guest Friday of W. B. Mason and family. Mr. and Mrs. J. W. Long, of Cynthiana, were here to attend the funeral of Gen. Landram. Brown Anderson, of Nicholasville, was a visitor in our city Sunday. Mr. and Mrs. W. C. Price, of Danville, who have been guests of Mrs. Susan Price, returned home Sunday. Col. J. G. Craddock, of the Paris Kentuckian, was in Lancaster Sunday Mrs. J. L. McKee, of Richmond, is the guest of Mrs. Malcolm Gill. Miss Jennie Duncan left Monday to visit her sister, Mrs. Dr. W. S. Elkin, of Atlanta, and take in the Southern exposition. Rev. W. O. Goodloe, of Harrodsburg, was the guest Sunday of Mr. D. M. Lackey and family. Albert H. Severance, of Stan-

ford, was a visitor in Lancaster Sunday. The Misses Adams, of Mt. Vernon, and Homer Miller, of Texas, are visitors of Miss Lena Bright. Capt. George H. McKinney, of Stanford, quarter-master in Gen. Landram's regiment, was a conspicuous visitor at the funeral.

GEN. WILLIAM J. LANDRAM.

After a long siege with the last enemy of man, Gen. William Jennings Landram surrendered against fearful odds Friday night and he now

Sleeps his last sleep, he has fought his last battle.

No sound can awake him to glory again.

Gen. Landram was born at Lancaster, Feb. 11, 1828, of parents who came to Kentucky from Virginia at an early day. In 1845, he became deputy for the county and circuit clerk of Garrard and when the Mexican war was declared he went as private in Co. A. of Humphrey Marshall's First Kentucky Cavalry. In less than a month he was promoted to orderly sergeant. He was wounded in the battle of Buena Vista and to his death bore an honorable scar to remind him of that conflict. After the war he returned to Garrard and in 1850 and '51 edited the Garrard Banner. He studied law afterwards and in 1854 was admitted to the bar. When the civil war broke out he resigned the county clerkship to which he had been elected and became a colonel in Wolford's Cavalry. He did not like that branch of the service so he resigned and raised the 19th Kentucky Infantry. In many of the hardest fought battles, Gen. Landram was a conspicuous figure, commanding in some brigades and in others divisions, being finally promoted to brigadier general. He had command of the Baton Rouge district for some time and was in charge of the camp of cavalry instructions at New Orleans.

The war over, Gen. Landram returned to his home and to peaceful pursuits. In 1876, he was appointed collector of internal revenue in this district and filled the office with ability and acceptability till 1884. Since then he has practiced law and written for the newspapers, the latter work being especially pleasing to him. He was also a fine musician and a composer of considerable note.

In 1848, Gen. Landram married Miss Sarah Walker, of Bath, and nine children were born to them, only five of whom survive, Mrs. Capt. Will McFarland, Mrs. R. A. Burnside, Mrs. W. G. Dunlap, Mrs. Kate McGowan and Louis Landram. The mother, now well stricken in years, also survives and for her and the loving children much sympathy is felt.

Gen. Landram was a Presbyterian, a Mason and an Odd Fellow and in every walk of life demonstrated that he was a man. His first presidential vote was cast for Gen. Scott and he continued to be a whig until the demise of that party, when he became a republican. He was chairman of the State central committee for several years and did valiant service for the party. While a partisan, he was not a bitter one, and proscribed nobody for opinion's sake. He was a frequent contributor to the columns of the Interior Journal, whose editor held him in the highest esteem.

A good man has fallen after a noble life. May he rest in peace.

Of all the love affairs in the world, none can surpass the true love of a boy for his mother. It is pure and noble, honorable to the highest degree in both. Not merely a dutiful affection, but a love that makes a boy gallant and courteous to his mother, saying to everybody plain that he is fairly in love with her. Next to the love of a husband nothing so crowns a woman's life with honor as this second love, this devotion of a son to her. A boy never turns out bad who begins by falling in love with his mother. Any man may fall in love with a fresh-faced girl, and the man who is gallant with the girls may cruelly neglect his worn and weary wife; but the boy who is the lover of his mother in her middle age is a true knight who will love his wife as much in her sere-leaved autumn as he did in the daisied springtime.

Texas has nearly 275,000 square miles and 174,585,840 acres. It has more coal than Pennsylvania, more iron than Alabama, more granite than New Hampshire, more oak than West Virginia, more prairie than Kansas, more corn land than Illinois, more cotton land than Mississippi, more wheat land than the two Dakotas, more sugar land than Louisiana, and more rice land than South Carolina. It contains as many rivers as any other five States, and as much coast as any other three.

W. P. WALTON.

THE Louisville Critic, whose editor is one of the best posted men in the State, sounds a note of alarm, that ought to put every true democrat on his mettle. Even under the most favorable figuring, it can not make Hardin's majority to exceed 7,000 and when a majority of 40,000 is cut down to 7,000 on paper what must be the real condition of things? Bradley it says, will carry Louisville by 3,500 to 7,000, for the woods are full of bolters and the ranks are full of traitors. We can win and we will win without Louisville, though the situation is a grave one. There is absolutely none of the enthusiasm and confidence that the republicans display among the democrats, who are for the most part listless and restless, although so much is at stake. We have never lost confidence in the conviction that our ticket will be elected, but at present it looks like its majority will be so small that taking everything into consideration it will amount practically to a defeat. What the democracy needs is to awaken from its lethargy. It must not let the State be turned over to the reckless and rapacious foe, which pays precious little of the taxes to support the government and represents but a small portion of its intelligence and worth. The short experience with republican rulers in this county alone should convince any fair minded man that they are not capable to administering the affairs of the government, even if thousands of other examples were not offered for his consideration. Forewarned is forearmed. There is danger and serious danger of the democracy losing the State. Let every democrat resolve that it shall not be done with his connivance and then all will be well. The only hope of the republicans is in the lethargy and disaffection of the democrats. Let's take that from them and march to certain and triumphant victory.

THE New South, the colored republican organ in Louisville, has renounced allegiance to Col. Bradley and advises the colored people to scratch him, because he has turned his back upon justice and fairness by spitting upon every National platform adopted by the party since its infancy. It says: "The negro who can vote for Bradley ought to be put back into slavery. Bradley is one of the worst enemies the race ever had. He says he's against our having our civil rights under the law, and we ought to be opposed to his riding into office through demagoguery and over the crushed hopes of a helpless people, and, by the eternal, the New South is unalterably opposed to him and his ilk. Vote the republican ticket but scratch Bradley." A few of the more intelligent negroes may heed this advice, but the large majority of them will vote as usual under the bidding of their new masters who are more exacting than their old.

A NUMBER of our readers wish to know who is this Smith any way that we write about. Oh, well, he isn't anybody much, only a little Dago, who thinks he is an editor. We humor him occasionally by letting the world know that there is such an individual as he and such a publication as the Mt. Vernon Eagle, by mentioning them in this paper. The notice of course makes him get too large for his breeches and then we have to take them down and paddle him, where it will do the most good, that's all.

THE A. P. A's elected their entire municipal ticket in Nashville, their candidate for mayor beating the democratic nominee by 176. The republicans had no ticket out. The A. P. A. there is largely composed of democrats who are dissatisfied with what they term the mismanagement of the ring. There were many disgraceful scenes at the polls and riots were several times barely averted.

THE Elizabethtown News truly says that Gen. Hardin can not effect the currency question if elected and that by defeating him the bolters make a step in the direction of turning over the taxing power, our school system and our charitable institutions to a party that represents not over one-tenth of the assessable wealth of the State and not over one-fifth of its intelligence.

THEY say that away up in the mountains Col. Bradley tells his hearers that the democracy is responsible for the snows of last winter and the late and early frosts this year, and the worst of it is the more ignorant believed him. Why not tell the whole truth, colonel, and say the democracy is also responsible for the tremendous crops of this year?

THE news was flashed over the wires Friday that President Cleveland had been assassinated at Buzzard Bay. At the same time the people were being shocked by the intelligence, the object of their consideration was quietly sitting on the bank and patiently waiting for the fish to bite.

LOVING GAINES, secretary of the Kentucky Press Association, says that a trip to Europe is among the probabilities of next year's meeting. It is easy to be seen what he is up to. He wants to get a few of his hated contemporaries over there and lose them.

JOHN G. CARLISLE delivered a masterly plea for sound money and the maintenance of the public credit before the Massachusetts Reform Club at Boston Saturday night. He thinks that the free silver craze is rapidly subsiding, but this does not lessen the necessity for vigilance. The fight should never relax. In the meantime, said he, the government will continue to meet its obligations promptly on presentation, according to the requirements of the existing laws and public policy. Those who want gold will get it, and those who want silver will get it. The parity of the two metals will be maintained, and the whole volume of our currency, paper and coin alike, will be kept equal to the highest standard recognized by the commercial nations of the world.

A PAPER trust is made possible by the manufacturers of printing paper being "protected" by a duty of 10 per cent on wood pulp and 15 per cent on paper. This is a sheer bonus and is a tax on intelligence. Without it the manufacturers in the East could not combine and make the newspapers pay tribute. Even the republican Congress ought to repeal such "protection" as that. No country could afford to make paper and bring it here as cheaply as it can be made here and protection under such circumstances is the plainest steal.

THE governors are all playing into Corbett's hands. He doesn't want to fight and the declaration of Gov. Clarke that the mill shall not be pulled off in Arkansas sent renewed hope to his breast. He thinks now that if the fight is had at all it will have to be private or in a Mexican bull pen. The latter would be the most appropriate place and the two bruisers should be permitted to pummel each other till like the Kilkenny cats there was nothing left of them.

THERE is a good show for Campbell to be elected governor of Ohio, when we take into consideration the fact that the republicans only claim the election of their candidate by 20,000, although they carried the State at the last election by 140,000. Gov. Campbell is making a magnificent canvass and having made the State one of the best governors it ever had, he deserves to be honored again.

COL. BRADLEY is coming the Harrison trick in his canvass. He spoke to an audience, so republican dispatches say, of 300 from the tale end of his train at Carlisle the other day. The colonel is making the effort of his life for he knows if defeat follows him this time, he is done for good and all politically. Let us lay him on the cooling board forever and aye on the 5th of November.

JOHN L. BOELEY finds that running for office with no show of getting it, is a very poor business well followed by his party. So he has declined to accept the nomination for representative from Clark and gone to Paris to start a paper—The Republican—and he hopes his dreams of fame and fortune will be realized.

AFTER a bitter three-cornered contest Rhinock was renominated for Mayor by the democrats at Covington, by a plurality of nearly 500. He was backed by Senator Goebel, which shows that he is still a power over there in politics, notwithstanding his hands are red with the blood of his fellow man.

THERE may be danger of negro domination in the event of the election of the republican ticket, but mixed schools are forever forbidden by the constitution, for which relief much thanks to a document which was passed as much as discussed four years ago.

Gov. McCREARY spoke to an immense crowd at Owensboro Saturday and did some splendid work in that free silver hot bed. The governor is very hopeful of democratic success, but urges those who call themselves democrats to be up and doing.

WHILE at Mt. Xenia one night recently, some one stole Charley Withers' saddle. He followed up a trail and found it at the house of Lee Austin in Garrard. Austin claimed that he had bought it from a man, but he was held to the circuit court to answer all the same.

GOING TO SPEAK.—Mr. B. B. King, candidate for representative, was at Crab Orchard Friday afternoon when Mr. M. F. North, the democratic nominee for the same office, spoke at that place. Mr. North offered to divide time, when Mr. King arose and told his hearers that he had prepared no speech, but that before the campaign was over he would give the East Enders a sample of his oratory. This hardly fair after his democratic opponent had tried to arrange debates with him and had tendered him a division of the time. It's dollars to doughnuts though, that he doesn't speak and our good Crab Orchard friends will more than probably miss the promised.

AGAIN WITH US.—Rev. George O. Barnes and Miss Marie Barnes arrived Saturday and are guests of Mr. and Mrs. J. C. Hays at the St. Asaph Hotel. They are both in fine health and are apparently as enthusiastic in the work as when they started 15 years ago to preach and sing the sweet Gospel of "God is Love and Nothing Else." A large crowd gathered Sunday afternoon in the courthouse at the first service and listened to one of Bro. Barnes' finest discourses on baptism. He took for his text "He that believeth and is baptized shall be saved," from which he showed that while baptism was not entirely essential to being saved, the man who would become a full and complete Christian would observe the ordinance. He is sure that baptism was originally performed by immersion, but believed that God recognized as baptism any mode that the recipient truly believed. Miss Marie's songs were as sweet as of yore and awakened in many hearts fond recollections of the time when for 100 days and nights the good evangelist held forth here. At night he took for his text, John 8:51 "If a man keep my saying, he shall never see death," and from it argued that it was possible for man to escape death as it usually accepted. The newspapers had quoted him incorrectly when they asserted that he had said he would never die. He had ceased years ago to make such dogmatic utterances, knowing how easily the devil could thwart him, but he believed stronger every day that he and all who love His appearing could escape in the disembodied state wherein body, spirit and soul were scattered God only knows where over the Universe, and instead as soon as the earthly tabernacle is dissolved the construction of a building of God, a house not made with hands, eternal in the heavens, would begin, and not await the resurrection of the last day. Mr. Barnes said he was led to the blessed hope which he now finds given all through the Bible, when threatened with death in its worst form from that most loathsome of diseases, a cancer, and that studying the subject with fear and trembling at first, he had had it opened in fullest glory as he read and trusted. His words were listened to with the closest attention and it was evident that they sank deep into the hearts of many. "If the Lord has his will," as Bro. Barnes puts it, he will preach here at night the rest of the week and then will likely go to Taylorville.

Don't fail to see our \$10, \$12 and \$15 suits, the best ever offered at the price—Hughes & Tate.

THERE was an unusually large crowd here yesterday, but it was a very "rotten" one so far as money is concerned.

It rained again Friday a little more than it did before, and the indications are for another shower but the signals service does not promise it.

Is the county court yesterday, Mr. S. P. Staggs was appointed and qualified as administrator of the estate of D. B. Staggs at the request of Mrs. Staggs.

A LARGE number of educational ballots have been printed by order of County Clerk J. F. Cummins, so that those who want to vote intelligently can learn to do so in advance. Call on him for sample.

SOMEbody had a wagon load of watermelons on the street yesterday. They gave one almost the chills and fever to look at them and the man who ate them ran the best of chances of contracting fever.

THE Farmers Bank and Trust Company's stock advertised by T. L. Lillard, sold at auction yesterday, three shares to J. B. Paxton at \$107.25 two to J. Z. Spoonamore at \$106.25 and four to W. H. Cummins at \$105.

FROM conversations with people from all over the county, we are led to believe that things are getting into better shape in Lincoln county and that with the proper effort our whole ticket will receive a good majority.

SPEAKING.—HON. R. T. Tyler, democratic nominee for lieutenant governor, and Hon. Geo. H. Alexander, our nominee for railroad commissioner, will speak here on the 18th, when it is hoped a rousing crowd will greet them.

THE SPEAKING.—Mr. M. F. North had the call on the boys yesterday, as he had claimed the appointment a month ago, but he courteously gave way to Mr. Chas. Finley, candidate for secretary of State on the republican ticket, and let him speak first. In introducing him Judge G. M. Davidson took occasion to defend his administration against the card issued by Chairman George B. Cooper and asserted that he was saving money right along for the people. He also defended Jim Chadwick from the terrible charge of being an East Tennessean by saying that the people of that section were the bravest and truest living, but he did not once give any reason for taking the poor house from Mrs. Holmes and giving it to him at a much higher price. He closed by saying he was going to issue some cards himself, which of course will receive due attention at the proper time.

Mr. Finley made a pretty fair speech for a republican. Like all of them, however, he harped on democratic extravagance and mismanagement and gave the ring at Frankfort hall Columbia. Most of the officials, there are rascals, who are afraid to let the books be seen and the den of thieves should be cleaned out. Gov. Brown is the only decent man in the lot and of him the speaker could not say enough in praise. The harrowing story of how Auditor Norman had refused a Commercial reporter access to the books and wanted to charge him \$10 to copy certain parts of them was told in tearful cadences and like to have made the colored part of the audience cry as if their heart would break, at the way the boogerman had treated the poor little scribe. Mr. Finley made the usual charges that much of the money collected by the State had not been accounted for and closed with a strong appeal to his party to stand by the ticket, which he claimed had a fine chance to win.

Mr. North came next and fairly outdid himself. He showed how fallacious were Finley's charges and held the Norman-reporter story up to ridicule. He referred to the New York bill passed by the republicans giving negroes the right to hotels, theatres and public conveyances on land and water and said that so sure as the republican party triumphed in this State an attempt would be made to place such a law on our statute books. He counseled harmony and plead for a closing of the ranks against the common enemy. The election of the democratic State ticket is far more important than his election, and he preferred to go down than that it should suffer defeat.

Mr. North's speech was highly complimented by every one.

Mr. B. B. King, republican candidate for the Legislature, spoke next and last. He was handicapped by a cold, his spectacles were out of order and he had never tried to make a speech before. All the same, he did pretty well and made some laughable points. He says he is for free turnpikes, just as soon as they can be had without making it burdensome to the tax payers. This view he has held for 15 years, while Mr. North is a recent convert to the theory. "But," said he, "smart men change their minds; fools never," and the colored brother cheered vociferously. Mr. King promised to come again when he could read his notes better and retired along with the crowd that had sat for nearly four hours.
